Neutral Colors

Style Rules

- Black is slimming and complimentary to any type of photo session.
- Stick to a neutral color pallet
- Choose textures and various shades or tones to add your personality
- Refrain from any words, logos, or prints on clothing
- Wear meaningful jewelry and accessories
- Avoid busy prints or strips
- Wear a comfortable outfit

Photo Outfit Styles

To create timeless photos it's best to choose neutral colors with similar coordinating styles, especially those looking at family or couples sessions. Pinterest has a great array of color pallets and styles to help give you ideas. Just remember to keep your fashion choices neutral with a touch of your personality!
